Git for Windows v2.33.0(2) Release Notes

Latest update: August 24th 2021

Introduction

These release notes describe issues specific to the Git for Windows release. The release notes covering the history of the core git commands can be found in [the Git project](#).

See <http://git-scm.com/> for further details about Git including ports to other operating systems. Git for Windows is hosted at <https://gitforwindows.org/>.

Known issues

Should you encounter other problems, please first search [the bug tracker](#) (also look at the closed issues) and [the mailing list](#), chances are that the problem was reported already. Also make sure that you use an up to date Git for Windows version (or a [current snapshot build](#)). If it has not been reported, please follow [our bug reporting guidelines](#) and [report the bug](#).
